

NPDs FactPages version 2 Quick Reference

The NPDs FactPages version 2 user interface consists of the following components:

1. Logo. Click on this if you want to go to the homepage.
2. Menu.
3. Tabs with types of information carriers available.
4. Reports available for each type of information carrier. Grouped into:
 - a. Attributes. Description of all attributes related to selected type of information carrier.
 - b. PageView. Represent the old FactPages. Shows all available information about a single information carrier.
 - c. Statistics. Reports with aggregated information.
 - d. TableView. Represent the old FactPage download files.
 - e. Geography. Spatial download files.
5. List of information carriers available for selected PageView report.
6. Report: Window which displays the selected report.
7. Report menu. Contains tasks that you can do with a report:
 - a. Hide/Show details. Shows only chapter headings or full report.
 - b. Map. Link to NPDs FactMaps, which automatically zooms in to the selected information carrier.
 - c. Feedback. Easy way to send feedback to factweb@npd.no regarding this report.
 - d. Download/Export. Easy way to export the report to different file formats like Excel, PDF, CSV and XML.

Use of content:

The content on the Norwegian Petroleum Directorate's website can be copied and used free of charge as long as all materials are marked with their date, reference and link to their source. This information must appear prominently.
