Economics
Production licences
Reporting to NPD
Development and operations
Revised national budget (RNB)

The Norwegian Petroleum Directorate Course: NPD tasks and roles

During this day you will have an introduction to NPD's tasks and the relevance to your daily work. The course will focus on how NPD follow-up the production licences. The course is relevant for all who work with production licences in exploration-, development- and operational phases in the oil companies.

See www.npd.no for more information and program
